

◆ IFM LISTED EQUITIES

WE BELIEVE IN INVESTING IN AUSTRALIAN COMPANIES.

As a world leading investment manager that invests over \$30 billion* globally on behalf of many super funds, Industry Funds Management has a strong track record in both indexed and active portfolio management. The IFM Strategic Australian Equities Fund focuses on building a concentrated, long-term "buy and hold" portfolio of

high-quality Australian businesses that have a sound track record of achieving excellent returns by consistently reinvesting in their own businesses. Investing in Australian businesses through the listed market can make a long term positive difference to your fund.
